Elements of Art

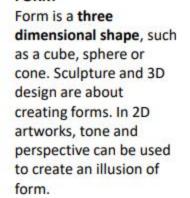

These are the basic elements that are used by Artists in creating Art: they are what you use to create an aesthetically pleasing work. When we make Art, we need to understand and apply these seven Elements of Art.

SHAPE

The outline or form of something. An area enclosed by a line. It could be just an outline or it could be shaded in.

FORM

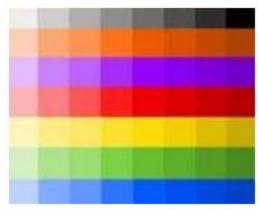

COLOUR

Is one of the most dominant elements. It is created by light. There are three properties of colour; Hue (name), Value (shades and tints) and Intensity (brightness).

VALUE

Degrees of lightness or darkness. The difference between values is called value contrast.

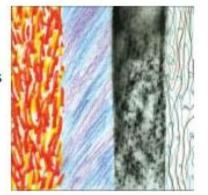

LINE

A mark made by an implement. Line is the path left by a moving point. For example, a pencil or a brush dipped in paint. Line can be used to show many different qualities, such as:

- Contours showing the shape and form of something.
- Feelings or expressions.

TEXTURE:

This is to do with the surface quality of something, the way something feels or looks like it feels. There are two types: actual texture and visual texture.

SPACE

The distance around and between things. How it's used to create the illusion of depth. Space can be two-dimensional, three-dimensional, negative and/or positive.

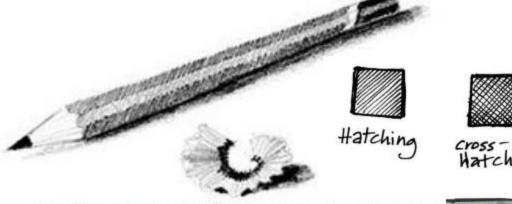

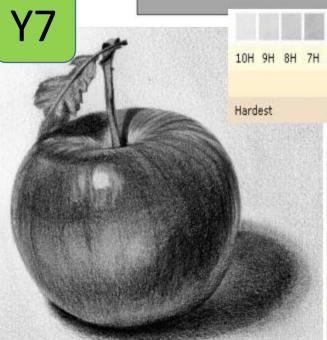

HOW TO USE **PENCIL**

Tone refers to the lightness or darkness of something.

highlights and the darker areas are called shadows.

Pencils come in a range of hardness:

- The H range is hard and light and useful for design or technical drawings
- •The B range is soft and dark and more suitable for shading and tonal drawings.
